

DigiPREP Jr.

SCP SCIENCE responds to the needs of smaller labs by offering the *DigiPREP Jr.* 24 position digestion block for convenience and reliability. The *DigiPREP Jr.* maintains the main features of the 48 position *DigiPREP MS / Classic*, but has been streamlined to make it more affordable for smaller labs.

- ★ Teflon® Coated Graphite block resists aggressive, corrosive attack - Guaranteed for long life
- ★ Designed for smaller sample loads
- ★ Corrosive resistant case eliminates sample contamination

Ordering Information & Specifications
